

Traffic Fatalities in San Francisco: 2017 vs. 2026

Cumulative fatalities by month, with fatalities by travel mode

Source: San Francisco Department of Public Health / SF.gov; 2026 July–August incidents are provisional.

Note: SF.gov reports a one-month lag while SFMTA, SFDPH and SFPD reconcile fatalities. The July 14 cyclist death and August 7 scooter death are shown provisionally and may be reclassified. For comparability, the micromobility category includes reported bicycle / stand-up scooter fatalities in this visualization.
